

How to choose the correct arm – Land Rover

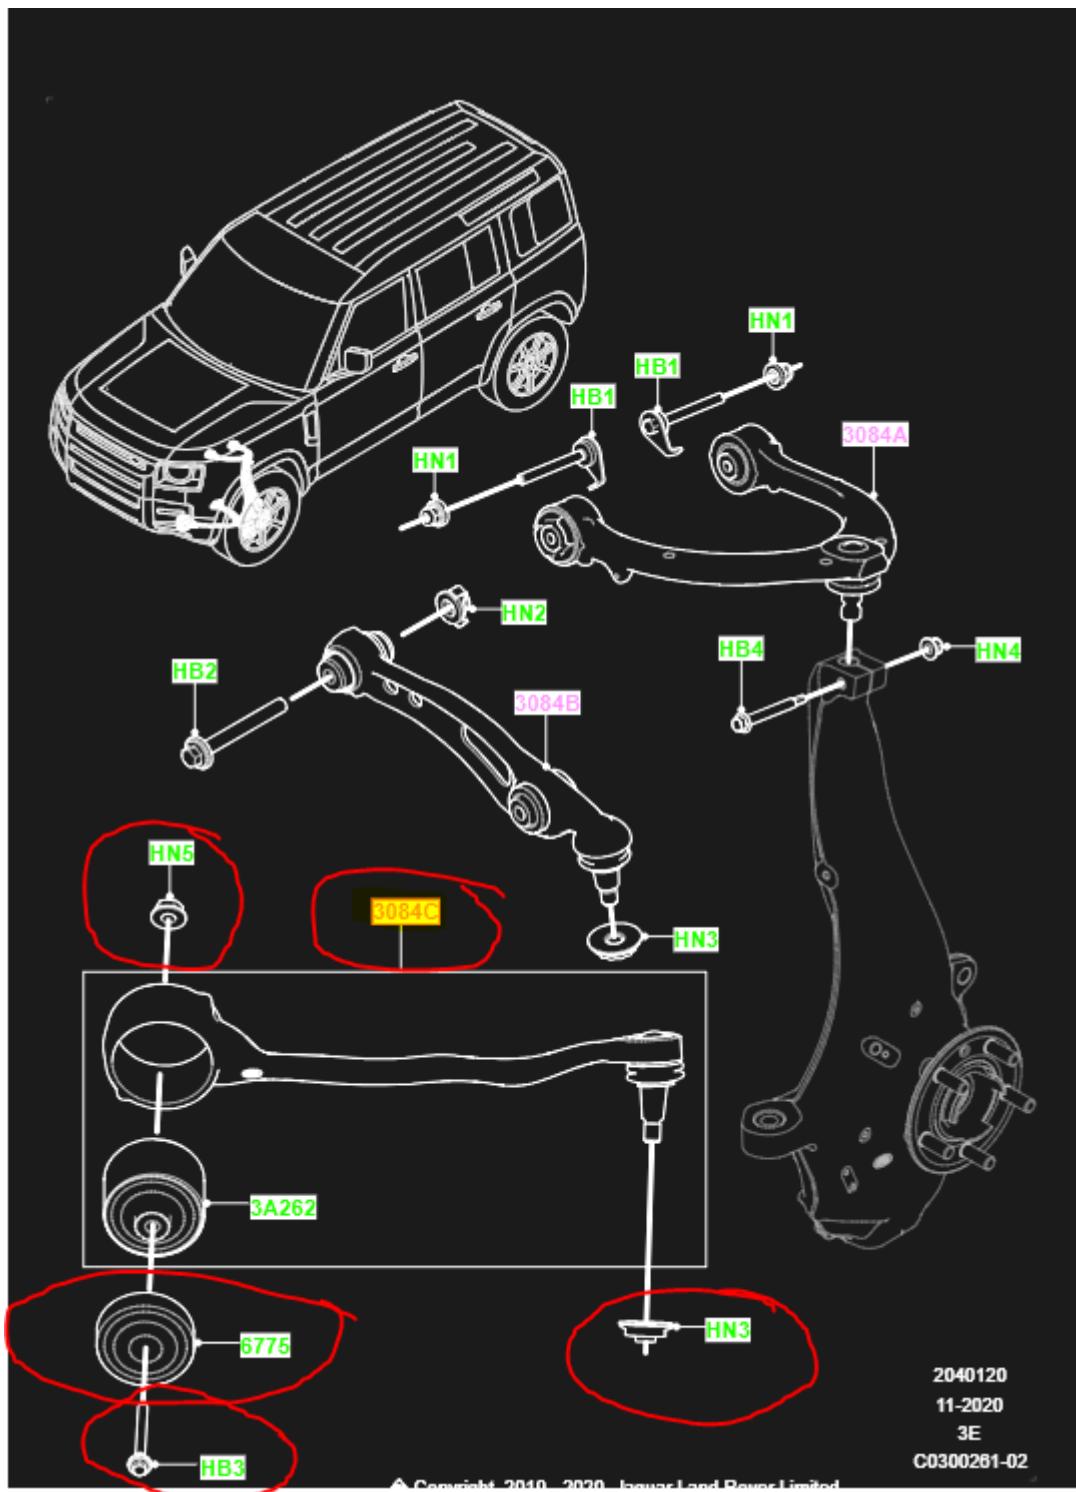

Found in EPC:

- 1. Axles & Suspension**
- 2. Front X Member / Knuckle & Hub**
- 3. Front Suspension Arms**

Certain cars have armoured variants, make sure not to quote or order these. (Older models) Should be much more expensive than standard also not in stock in Australia should be a give away too.

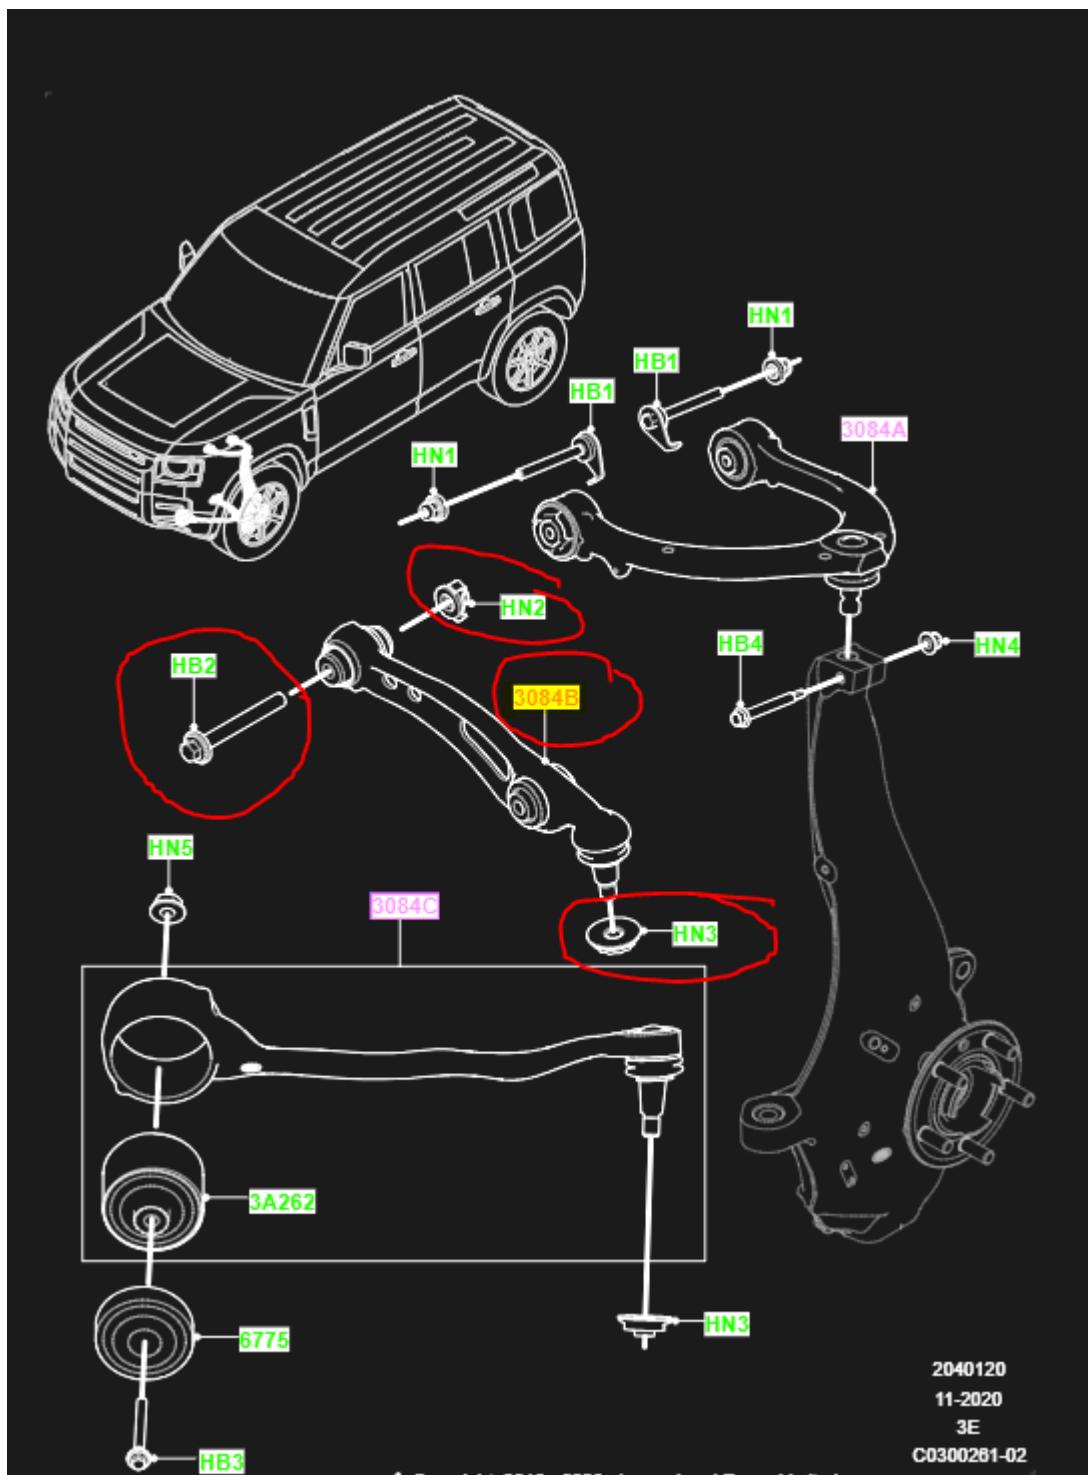

Front Lower Front Control Arms/ LCA

- Additional components circled as well, be mindful that "HN3" features twice on the same page and will have to be ordered as half QTY (2) if only needing them for front set of arms

Front Lower Rear Control Arms / Spring Control Arms

- Additional components circled as well, be mindful that "HN3" features twice on the same page and will have to be ordered as half QTY (2) if only needing them for spring set of arms

Upper Control Arms
