

National Service Technical Bulletin

2018-01-047 - Service Campaign 6MS - Retractable door mirror switch contact point wear

To: All Honda Motor Vehicle Dealers

From: Bryan King

Attention Of: Service Managers, Service Staff, Parts Managers, Parts Staff

Date: 17 January 2018

EXECUTIVE SUMMARY

Honda Australia wishes to advise that a Service Campaign has been initiated for the **Accord 13-17YM**, **Jazz 15-16YM**, **HRV 15-16YM**, **Odyssey 13-18YM**.

The purpose of this Service Campaign is to replace the door mirror Switch. A total of 29,228 vehicles are affected by this campaign.

SYMPTOM AND CAUSE

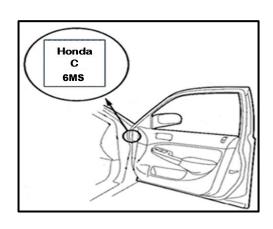

Due to an inappropriate surface treatment, frequent use of the door mirror retraction switch could wear the contact points.

Over time, this wear can oxidize increasing the resistance in the switch resulting in the mirror retracting whilst driving/parking or may not operate at all.

ACTION REQUIRED

When the vehicle presents for service or general repair, replace the Mirror Switch in concern as per Maris Instructions.

1. Affix a '6MS' recall sticker to the driver's 'A' pillar door opening near the check strap.

PARTS

Part Number	Description			
06351-T7A-306	Kit, R/C Mirror SW
