How to make kits in ERA
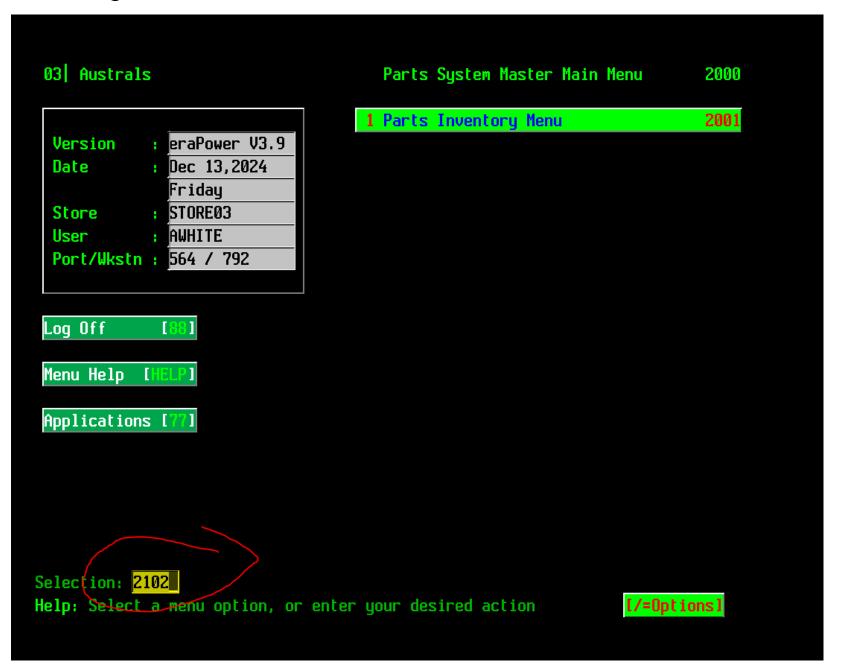

Required:
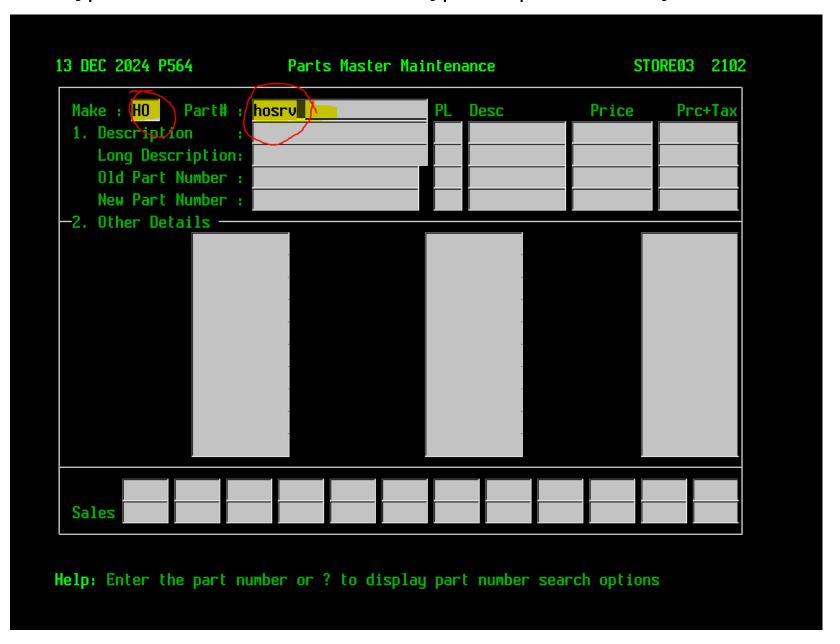

a. PC with internet

b. ERA Access (2102)

c. A kit name/part number to be used for the kit

d. The list of parts associated with the kit.

If using a kit for servicing make sure to have planned out the entire brands lineup of cars and variants of each model for kit part number consistency.

1. Navigate to 2102

03| Australs   Parts System Master Main Menu   2000

Selection: 2102

Help: Select a menu option, or enter your desired action   [/=Options]

2. Type the Brands' make and then type the part number you want to use for the kit

Figure content transcription:

13 DEC 2024 P564   Parts Master Maintenance   STORE03 2102

Make : HO   Part# : hosrv   PL   Desc   Price   Prc+Tax
1. Description :
   Long Description:
   Old Part Number :
   New Part Number :
2. Other Details

Sales

Help: Enter the part number or ? to display part number search options
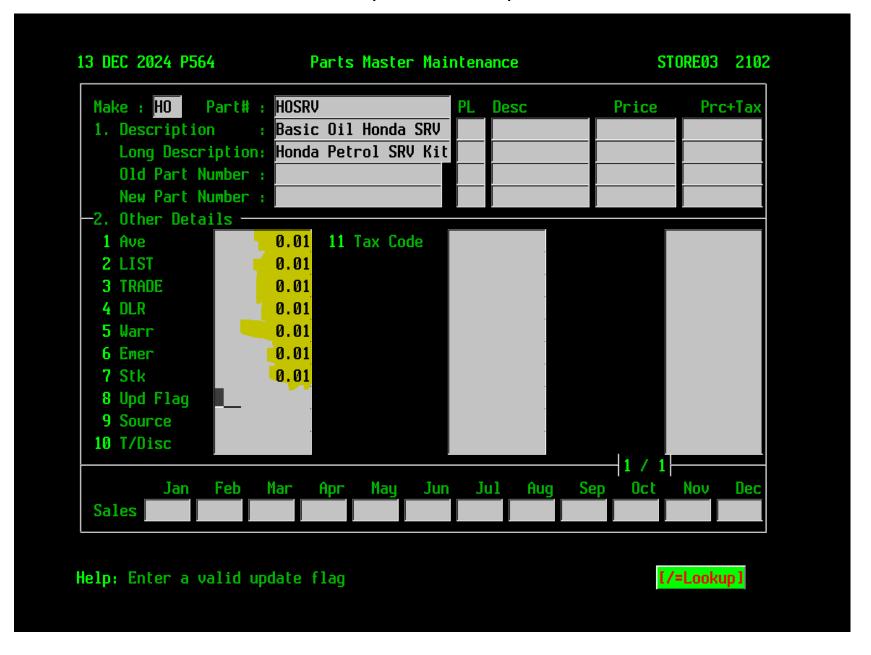

3. Hit "Yes" to add to file (Since it is not a recognised genuine part number)

4. Fill out the description of what this kit is for. (If for recall a good idea what to be to have the recall number, for service maybe an interval (month or kms and vehicle) would be ideal. This section correlates to the ability to search for it using (,)

5. Since the kit is technically a placeholder part number, make the costings 1 c
