

2016.0 RANGE ROVER (LG), 419-10

# MULTIFUNCTION ELECTRONIC MODULES

## DIAGNOSIS AND TESTING

### DESCRIPTION AND OPERATION

For a detailed description of the driver/passenger door modules, refer to the relevant description and operation sections in the workshop manual.

### INSPECTION AND VERIFICATION

#### CAUTION:

Diagnosis by substitution from a donor vehicle is **NOT** acceptable. Substitution of control modules does not guarantee confirmation of a fault, and may also cause additional faults in the vehicle being tested and/or the donor vehicle

1. Verify the customer concern
2. Visually inspect for obvious signs of damage and system integrity

#### Visual Inspection

| MECHANICAL                                                                                    | ELECTRICAL                                                |
|-----------------------------------------------------------------------------------------------|-----------------------------------------------------------|
| <ul style="list-style-type: none"><li>▪ Check for stuck/jammed switches and buttons</li></ul> | <ul style="list-style-type: none"><li>▪ Fuse(s)</li></ul> |

- |                                                                                                                           |                                                                                                    |
|---------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"><li>▪ Visibly damaged or worn components</li><li>▪ Loose or missing fasteners</li></ul> | <ul style="list-style-type: none"><li>▪ Electrical connector(s)</li><li>▪ Wiring harness</li></ul> |
|---------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|

3. If an obvious cause for an observed or reported concern is found, correct the cause (if possible) before proceeding to the next step
4. If the cause is not visually evident, check for diagnostic trouble codes (DTCs) and refer to the diagnostic trouble codes index

---

## DTC INDEX

For a list of diagnostic trouble codes that could be logged on this vehicle, please refer to Section 100-00. REFER to: [Diagnostic Trouble Code Index - DTC: Driver/Passenger Door Module \(DDM/PDM\)](#) (100-00 General Information, Description and Operation).
