Transit VO 25.5 MY Tow Pack Update

CONFIDENTIAL: DO NOT DISTRIBUTE OR DISCLOSE THIS BULLETIN BEYOND THE FORD DEALER NETWORK

Bulletin Summary

This Ford Accessory Bulletin (FAB) provides Dealers with an update on Tow Packs for 25.5 Model Year Transit vehicles

Key Points

- After the launch of the 25.5MY Transit Tow Pack release it has come to our attention that the existing wiring harness P/N RK3Z15A416F was short in length for certain variants.
- A new wiring harness part number BK3Z15A416G has been released to support all Long Wheelbase variants.
